A HEARTY WELCOME TO THE PRESIDENT

By the People of the State at Jacksonville.

PATRIOTISM OF OUR PEOPLE

It is Manifested on Every Hand—Entertained As Only the Warm-Hearted Floridian Can—The Day An Event in History of the State Metropolis.

Jacksonville, October 21.—This has been an eventful day for the people of the State of Florida as well as the city of Jacksonville.

The city was crowded with visitors and thousands witnessed the parade. A fine feature was the appearance of

PRESIDENT ROOSEVELT.

the Second regiment of State militia. The parade was cheered all along the line and many buildings were handsomely decorated.

At the stand where the speaking was to take place there was a large assemblage. Mayor Nolan delivered the address of welcome, which was followed by remarks from Gov. Broward.

In his address President Roosevelt dwelt on the Panama Canal at some length, declaring that the work can be done and will be done.

There was nothing to mar the occasion and it was a great one for the city.

$50,000 IN MONEY RECOVERED.

Express Clerk Who Stole Large Sum Burned Large Bills.

Bridgeport, Conn., Oct. 21.—Edward G. Cunliffe, the Adams Express employe who disappeared from Pittsburg with $101,000 and was arrested here yesterday, started back to Pittsburg with the detectives today.

Cunliffe seemed more low spirited today than he was when first captured. He explained this by saying that he had hoped to arrange for lenient treatment after reaching Pittsburg by treating on his secret as to the whereabouts of the stolen money, but the fact that the detectives recovered $80,000 of the money in Bristol, Conn., last evening removed the prisoner's hopes in this respect. After being told by the detectives of the recovery, of this money, Cunliffe said that he had burned the rest of the amount stolen, because the bills were all of large denominations and all on the same bank, making it dangerous for him to carry them about.

$2,000 to Find Husband.

Los Angeles, Cal., Oct. 21.—Mrs. H. S. France, wife of a former motorman of the Pacific Electric Railway company, has inserted an advertisement in all the leading daily papers of this section, stating she would pay $2.000 for information that would lead to the discovery of the whereabouts of her missing husband. France left the home here last August and has not been heard from since that date. According to the story related by Mrs. France, who incidentally lays claim to being a first cousin of General Stonewall Jackson, France secured a leave of absence from his employment and taking with him the sum of $2,000 left their home and failed to return. Mrs. France has lately fallen heir to $40,000 in cash and large property interests from an uncle in Alabama.

Treat Consumption at Home.

New York, Oct. 21.—Emphasis on the fact that he did not appreciate the fact of the benefits of the high altitudes in tuberculosis Dr. A. Knopl, of he New York State Medical association yesterday stated his belief that cures obtained in in ordinary home climates, while requiring longer seem to be more lasting. Dr. Knopf declared that the modern sanitarium for consumptives is the safest place not to contract a tuberculosis disease at, and instead of being a menace to a neighborhood is a benefit because of the lesson of cleanliness and health it teaches us.

Charged with Manslaughter.

New York, Oct. 21—A cable dispatch from Paris says that Elliott Shepard, a son of the late Colonel Elliot Shepard, and a grandson of the late W. H. Vanderbilt was arraigned yesterday on a charge of manslaughter. He had been automobiling in company with Tom Thorne, a race horse owner, and a chauffeur, and the car which Shepard was driving struck and killed a a girl. Ex-Minister Poincarre conducted the prosecution. He made a scathing attack on the prisoner, which aroused some of the audience to such an extent that the president of the court threatened to clear the room.

New Depot for Chicago.

Chicago, Oct. 21.—Plans for the construction of a new railway station at a cost of from $5,000,000 to $10,000,000 and enlargement of passenger terminals at a cost of the balance of $25,000,000 are being considered by the five tenants of the present union station at Canal and Adams streets. The five roads, including the Pennsylvania, Panhandle, also a Pensylvania property, the Chicago and Alton, the Chicago, Milwaukee and St. Paul and the Chicago, Burlington and Quincy, have already agreed to share the cost of the place, the Pennsylvania to receive from the other companies one-fifth of the value of the property to be occupied.

Steamer's Cargo on Fire.

Manchester, Oct. 21.The cargo of the Spanish steamer Ramond Larrinaga, Captain Ondciasa, which arrive here Oct. 18, from Pensacola, Fla., was on fire. The fire was finally extinguished but not before great damage had been done to the cargo both by water and fire. The Ramond Larrinaga is loaded with cotton.

GEORGIA WELCOMES CHIEF EXECUTIVE

Gate City of the South Receives President Royally.

MAKE GREAT DEMONSTRATION

President Roosevelt Delivers Speech at Fair Grounds—He Praises the South and Lauds Her Achievements. Fifty Thousand Visitors in City.

Atlanta, Oct. 21.—Theodore Roosevelt, president of the United States and Mrs. Roosevelt, the first lady of the land, arrived at Atlanta this morning at 10 o'clock in a special train over the Southern railway and were ... guests of Atlanta until 7 o'clock p. m.

The visit of the president to Georgia and Atlanta is particularly appropriate. Mr. Roosevelt's mother was a Georgia by birth, and the name of her ancestors occupy a prominent place in the history and traditions of the state. She was wooed and won by the president's father, a northern man, and left her southland home to cast her lot with him in the home of his people. The president is related closely and indirectly with many of the best-known families in Georgia, and his visit to the girlhood home of his mother will be the most interesting feature of his trip to the south.

It is but natural that the people of Georgia should feel close to the president. His mother, the beautiful and charming Miss Bulloch, endeared herself to all who know her, and her family was one that has been a leader of men and prominent in the the affairs of the world.

The presidential party visited early in the morning the little town of Roswell, and all the details for entertainment and reception had been completed. Thousands of admiring Georgians from nearby counties were on hand to tender the president a greeting and he was shown the places that were so familiar to his mother during her young womanhood. This visit to Roswell was the happy culmination of a desire the president has felt for many years.

President's Atlanta Speech.

Here in this great industrial center in this city which is a typical southern city, and therefore a typical American city, it is natural to consider certain phases of the many-sided industrial problem which this generation has to solve. In this world of ours it is practically impossible to get success of any kind on a large scale without paying sometaing for it. The exceptions to the rule are too few to warrant our paying heed to them; and as a rule it may be said that something must be paid as an offset for everything we get and for everything we accomplish. This is notably true of our industrial life. The problems which we of America have to face today are very serious, but we will do well to remember that after all they are only part of the price which we have to pay for the triumphs we have won, for the high position to which we have attained. If we were a backward and stationary country we would not have to face these problems at all; but I think that most of us are agreed that to be backward and stationary would be altogether too heavy a price to pay for the avoidance of the problems in question. There are no labor troubles where there is no work to be done by labor. There are no troubles about corporations where the poverty of the community is such that it is not worth while to form corporations. There is no difficulty in regulating railroads where the resources of a region are so few that it does not pay to build railroads. There are many excellent people who shake their heads over the difficulties that as a nation we now have to face; but their melancholy is not warranted save in a very partial degree, for most of the things of which they complain are the inevitable accompaniments of the growth and greatness of which we are proud.

Now, I do not wish to be misunderstood. I do not for one moment mean to say that there are not many and serious evils with which we have to grapple, or that there are not unhealthy signs in the body social and politic; but I do mean to say that while we must not show a foolish optimism we must no less beware of a mere blind pessimism. There is every reason why we should be vigilant in searching out what is wrong and unflinchingly resolute in striving to remedy it. But at the same time we must not blind ourselves to what has been accomplished for good, and above all we must not lose our heads and become either hysterical or rancorous in grappling with what is bad.

Take such a question, for instance, as the question, or rather the group of questions, connected with the growth of corporations in this country. This growth has meant, of course, the growth of individual fortunes. Undoubtedly the growth of wealth in this country has had some very unfortunate accompaniments, but it seems to me that much the worst damage that people of wealth can do the rest of us is not any actual physical harm, but the awakening in our breasts of either the mean vice of worshiping mere wealth, and the man of mere wealth, for the wealth's sake, or the equally mean vice of viewing with rancorous envy and hatred the men of wealth merely because they are men of wealth. Envy is, of course, merely a kind of crooked admiration; and we often see the very man who in public is most intemperate in his denunciation of wealth, in his private life most eager to obtain wealth, in no matter what fashion, and at no matter what moral cost.

Need of Government Regulation.

Undoubtedly there is need of regulation by the government, in the interest of the public, of these great corporations which in modren life have shown themselves to be the most efficient business implements, and which are, therefore, the implements commonly employed by the owners of large fortunes. The corporation is the creature of the state. It should always be held accountable to some sovereign, and this accountability should be real and not show. Therefore, in my judgment, all corporations doing an interstate business, and this means the great majority of the largest corporations, should be held accountable to the federal government, because their accountability should be co-extensive with their field of action. But most certainly we should not strive to prevent or limit corporate activity. We should strive to secure such effective supervision over it, such power of regulation over it, as to enable us to guarantee that its activity will be exercised only in ways beneficial to the public. The unwisdom of any well- meaning but misguided effort to check corporate activity has been shown in striking fashion in recent years by our experience in the Philippines and in Porto Rico. Our national legislators very properly determined that the islands should not be exploited by adventurers without regard to the interests of the people of the islands themselves. But unfortunately in their zeal to prevent the islands from being improperly exploited they took measures of such severity as to seriously, and in some respects vitally, to hamper and retard the development of the islands. There is nothing that the islands need more than to have their great natural resources developed, and these resources an be developed only by the abundant use of apital, which, of course, will not be put into them unless on terms sufficiently advantageous to offer prospects of good remunoration. We have made the terms not merely hard, but often prohibitory, with the result that American capital goes into foreign countries, like Mexico, and there used with immense advantage to the country in its development, while it can not go into our own possessions or be used to develop the lands under our own flag. The chief sufferers by this state of things are the people of the islands themselves.

It is impossible too strongly to insist upon what ought to be the patent fact that it is not only in the interest of the people of wealth themselves, but in our interest, in the interest of the public as a whole, that they should be treated fairly and ustly; that if they show exceptional business ability they should be given exceptional reward

HOPES OF AN EARLY FROST ENCOURAGING

The Blizzard in Northwest May Reach Fever District.

SITUATION SHOWS IMPROVMENT.

Many Marine Hospital Surgeons Can Now Return to Their Stations, But Will Remain in Crescent City Until After President's Visit.

New Orleans, Oct. 21.—The weather was threatening here today with a fall in the temperature forecasted. Out in the northwest a blizzard is prevailing and there is hope that the wave will come this way and add the finishing touch to the present fever fight. It only needs another cold snap to wind in most of the remaining quarantines. Among the latest parishes to order the raising of quarantine is St. James, which threw down her bars today.

Today's discharges are expected to bring the cases now under treatment within the hundred mark and owing to the slump there has been since last Saturday in new cases there will be a heavy decline in the cases still existing by next week.

All signs point to the fact that the present week will record the lowest number of deaths since July.

Though the situation here is so much improved that Dr. White would be able to spare some of his men to be returned to their stations and it is understood that all who are now here or nearby will remain until President Roosevelt's arrival so tha tthey may be presented in a body to the chief magistrate.

In this connection attention is called to the fact that although there has been a large number of service surgeons here, many of them non-immunes, not a single one has succumbed although all expressed themselves with great indifference to danger in the neighborhoods of the worst infection. Not more than three or four were taken ill and all of these recovered.

The case of Illinois Central Telegraph Operator Matthews, whom Lutcher, La., would not permit to disembark and reached Baton Rouge, Ill., turns out to be a simple case of malaria.

The second case of fever at Franklin has been reported, but it is also of a mild type. There has also been a case shipped at Jeannette, and another at Baldwin, both near Franklin, and both in St. Mary parish. It is considered not improbable that all of these cases came from Patterson which is also in St Mary.

Dr. Corput, of the Marine hospital service is at Jeannette. The people there were much alarmed, but Dr. Corput made a reassuring address indicating there was little if any danger of a spread of the disease at this season.

Bartow County Gets First Prize.

Atlanta, Oct. 21.—As promised, announcement was made of the awards of prizes, the result of the decisions of the judges who have worked hard for the last week in the making of the many displays. President Dudley Hughes acted as master of ceremonies, and the results were as follows: 1. For the best, largest and most artistically displayed county agricultural exhibit, premium of $1,000, won by Bartow county. 2. For the second best county agricultural exhibit, as above stated, premium of $1,200, won by Bulloch county. 3. For the third best county agricultural exhibit, as above, premium of $800, won by Gwinnett county.

Banker Dies from Paralysis.

Nashville, Tenn., Oct. 21.—A Montgomery, Ala., dispatch says that William Beney, one of the oldest bankers in Alabama and president of the American National Bank at Montgomery, died this morning of paralysis.

Admiral Togo at Tokio.

Yokohama, Oct. 21.—Admiral Togo arrived here today on his flagship the battleship Shikishima. Forty warships have now assembled here in preparation for the great naval review of October 23.

PREPARE FOR THE WINTER VISITORS

Gainesville Will Have a Large Number Here This Season.

LETTERS BEING RECEIVED DAILY

From People Who Are Inquiring About the Accommodations in This City for Those Who Want to Visit Here This Winter.

Although the mild autumn weather is still as warm as summer in Gainesville, it is not the case in the Northern States, and they are now having cold and disagreeable weather, with snow and sleet, and those who know of the pleasures of a Florida winter are making their plans to come South as soon as possible.

Many people would be here now if they knew of the delightful weather we are now enjoying. Our warm days are followed by cool nights, and the idea that some people who have never been here have, that it is unhealthy, is wholly wrong. There can be no purer air than we have in October, and we doubt if there can be a healthier season. The change of climate would not affect one for two days.

We are bound to have many people here later, and Ferd Bayer, secretary of the Bible Conference, is receiving letters every day inquiring about accommodations and prices. He would like to have people who intend to take boarders or roomers to hand him their names and rates, so he will be better able to answer these letters.

The Bible Conference and Chautauqua this winter will be better than ever, and it is certain the attendance will be larger, as each year the city is becoming more favorably known.

If you can keep one or more of the number, hand in your name and street address to Mr. Bayer.

WADSWORTH—CARLTON.

Quiet Home Wedding of Two Young People at Micanopy.

On Wednesday, October 18th, 1905, at the home of Mr. and Mrs. W. A. Carlton, Micanopy, Fla., Marie, their eldest daughter, was united in matrimony to Mr. J. W. Wadsworth of Madison, Fla. The contracting parties being both members of the Catholic Church, the ceremony was performed in accordance with the rites of the church and followed by a nuptial mass.

After the ceremonies breakfast was served, and the bride and groom left on the early train for Gainesville, accompanied by Miss Fannie Moore of Hawthorn, the only invited guest, she having been for years an intimate friend and chum of the bride.

The happy pair left Gainesville soon after 12 o'clock for Jacksonville and other points, where they will spend awhile before going to Madison, where they expect to make their future home.

This is the second bird that has flown from the nest within the last two months. On August 30th Grace, the second eldest daughter, was married to Mr. Geo. M. Arnow, a mail clerk of Jacksonville, and has gone there to live.

A Judicious Inquiry.

A well known traveling man who visits the drug trade says he has often heard druggists inquire of customers who asked for a cough medicine, whether it was wanted for a child or an adult, and if for a child they almost invariably recommend Chamberlain's Cough Remedy. The reason for this is that they know there is no danger from it and that it always cures. There is not the least danger in giving it, and for coughs, colds and croup it is unsurpassed. For sale by all druggists.

Mr. Holder Here.

James Holder, formerly of Rochelle, where he was engaged in the naval stores and mercantile business, but now residing at Citronelle, where he is a member of the firm of Knight & Holder, naval stores, is spending a few days in the city, a guest of Dr. and Mrs. J. L. Kelley. This firm, which is already one of the most extensive in South Florida, is opening a new place of fifteen "crops" at Inglis, and expects to begin work in a few days.

New Cure for Cancer.

All surface cancers are now known to be curable by Bucklen's Arnica Salve. Jas. Walters of Duffield, Va., writes: "I had a cancer on my lip for years that seemed incurable, till Bucklen's Arnica Salve healed it and now it is perfectly well." Guaranteed cure for cuts and burns. 25c at all drug stores.

A FORMER RESIDENT

Writes a Pleasant Letter to The Sun. Is Prospering.

The following letter from John V. Denton to The Sun will be read with interest by many old residents, who will be glad to know that our former fellow-townsman is prospering in the fruit and produce trade in the metropolis:

"New York, Oct. 16, 1905.

"Mr. H. H. McCreary, Gainesville, Fla.:

"Dear Mack—You will please send your daily paper to my wife at Gitano, Mississippi, until further instructions, instead of sending it here.

"She is now spending the winter with her married daughter at Gitano, and will send our two children to school there this coming winter, as we could not stand the mixed schools in this city. You are aware of the fact that the negroes are getting numerous here, and they make no distinction in the education of the whites and the negroes.

"I expect to travel for the interest of my house throughout your State shortly, and will try to get to see you. I was in your city one day last week on a flying trip, but did not see you, and expect to be back there sometime next month.

"My business, I am glad to state, has increased wonderfully since I have been here, and we are going to try to be one of the largest receivers of oranges from Florida this season.

"Wishing you much success, I am

"Very truly yours,

"JOHN V. DENTON."

Some Seasonable Advice.

It may be a piece of superfluous advice to urge people at this season of the year to lay in a supply of Chamberlain's Cough Remedy. It is almost sure to be needed before winter is over, and much more prompt and satisfactory results are obtained when taken as soon as a cold is contracted and before it has become settled in the system, which can only be done by keeping the remedy at hand. This remedy is so widely known and so altogether good that no one should hesitate about buying it in preference to any other. It is for sale by all druggists.

Astonishing Incident.

It was, to all her friends, an astonishing incident that Mrs. I. B. Hunt of Lime Ridge, Wis., was cured of her dreadful sickness. "Doctors," she writes, "had given me up; friends were ready to bid me the last farewell; clouds of despair darkened my horizon, and I was a wreck on the shores of despondency, when I began to take Electric Bitters for my frightful stomach and liver complaint. To the astonishment of all, I was benefited at once and am now completely and miraculously restored to health. At all drug stores; price 50c; guaranteed.

Death at Newberry.

Newberry, October 20.—Our community was shocked Wednesday at the death of Gladys, the sweet fifteen-months' old daughter of Mr. and Mrs. Lute Howell, which occurred after an illness of only a few days.

Gladys was a sweet child, possessed of a most affectionate and friendly disposition, and a general favorite with all who knew her.

The remains were taken to Lake Park, Ga., Thursday, where the interment was held. The corpse was accompanied by the bereaved perents and Dr. and Mrs. E. B. Howell.

The sympathy of the community is extended in this sad hour of bereavement.

PEARL BAILEY.

Doctors Said He Would Not Live.

Peter Fry, Woodruff, Pa., writes: "After doctoring for two years with the best physicians in Waynesburg, and still getting worse, the doctors advised me if I had any business to attend to I had better attend to it at once, as I could not possibly live another month as there was no cure for me. Foley's Kidney Cure was recommended to me by a friend, and I immediately sent my son to the store for it, and after taking three bottles I began to get better, and continued to improve until I was entirely well." A TRIBUTE TO GEO. W. MOYERS

A True Patriot and a Devoted Friend of Florida.

HE WENT WHERE DUTY CALLED

A Loyal Friend to Kirby Smith Chapter, Which Pays a High Compliment to His Memory—Sympathetic Resolutions on His Death.

A special meeting of Kirby Smith Chapter, U. D. C., having met at the residence of Mrs. A. J. Cone to take official notice of the death of Mr. Geo. W. Moyers, a brave and loyal Confederate Veteran, a warm, devoted friend and co-worker with this Chapter, which sad event occurred in Jacksonville, Florida, on the morning of October 6th, 1905, with unfeigned regret we lovingly tender in sadness of spirit, the following tribute to his memory:

One by one, the brave defenders of the South are slowly but surely "Passing Over the River" to join their comrades in the shadowy beyond, in the "Bivouac of the Dead," where valor, patriotic devotion to duty, and matchless heroism are the common heritage of all true Americans, the wonder and admiration of the world, to commemorate which this order is organized and lovingly dedicated.

His untiring labors, helpful suggestions and simple devotion to this Chapter were conspicuous in life, and now he is no more, our hearts beat warmer with the truest and tenderest emotions as memory recalls his every act of kindness, his tender solicitation and grateful services to us in all our enterprises, and his fatherly and dignified bearing to this Chapter collectively and individually.

Son of the Old Dominion State, whose bosom beared to the fierceness of contending armies, drank deep of the crimson red, he gave with cheerfulness and alacrity his best services to the cause of our Sunny Southland. He was true to Southern institutions, history and traditions, yet he loved his common country.

As a citizen, blending the virtues of honorable dealing with his fellows, forbearance and charity to all, he exemplified the highest type of Christian life. Malice and envy had no place in him. Broad-minded, liberal and tolerant, his convictions were strong and fearlessly maintained. Endowed by nature with a clear and discriminating mind and judgment, which the experience of years ripened into wisdom, he seldom erred in his conclusions.

As a friend, devoted and true. A neighbor, warm hearted and hospitable; but it was in the sanctuary of his home-life his true character is shown in loving companionship, adorned by every social virture, the gentle dignity and suavity of manner, a benediction to his family. A husband affectionate and kind, a tender and indulgent parent; Therefore, be it

Resolved, That in the death of Veteran Geo. W. Moyers Kirby Smith Chapter has lost a true and tried friend; that his family's loss is great; likewise our own. Every sentiment of our being so stirred with the sincerest and tenderest sympathy for each member of the family. To Mrs. G. W. Moyers, first vice-president of Kirby Smith Chapter at the present time, and his daughter, Mrs. Turner Brewer, both of whom are beloved members of this Chapter, we as a Chapter extend our sympathy and consolation; whose warm hand-clasp and fraternal greeting we have so often and long enjoyed. To the young men of the family, who have lost forever paternal advice, we urgently commend the life example and character of father for their emulation, as the richest heritage.

Resolved, That these resolutions be spread on the minutes of this Chapter, a blank page be inserted to his memory, and a copy of the same be forwarded to each member of the family.

Received and approved this 19th day of October, A. D. 1905.

Saved His Life.

J. W. Davenport, Wingo, Ky., writes, June 14, 1902: "I want to tell you I believe Ballard's Snow Liniment saved my life. I was under the treatment of two doctors, and they told me one of my lungs was entirely gone, and the other badly affected. I also had a lump on my side. I don't think that I could have lived over two months longer. I was induced by a friend to try Ballard's Snow Liniment. The first application gave me great relief; two fifty cent bottles cured me sound and well. It is a wonderful medicine and I recommend it to suffering humanity." Sold by W. M. Johnson.

DO YOU GET UP WITH A LAME BACK?

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, uric acid, catarrh of the bladder and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's **Swamp-Root** is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work and in private practice, and has proved so successful in every case that a special arrangement has been made by which all readers of this paper, who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root, and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty-cent and one-dollar size bottles are sold by all good druggists. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

WINDSOR WEAL.

Tomatoes, Possums and Ducks Plentiful—Improvements About Town.

Windsor, Oct. 20.—Mr. and Mrs. Howells have lately returned from the North, and Mrs. Howells, nee Mrs. Munsinger, has taken up her duties again as postmistress at this place.

Hon. J. A. Rosborough is making some improvements. Among other things he is contemplating erecting a new building shortly.

T. M. King spent several days in Windsor last week.

We are happy to state that the little daughter of I. I. Wilkinson is rapidly recovering from a very serious illness.

Oscar Green and family have moved into Windsor from Orange Heights, and expect to make this place their home.

Mr. Torode has a patch of very fine tomatoes. We understand those he has sold have netted something like $5 per bushel. This looks like there might be money in tomatoes.

Robt. Wixson and wife of Gainesville, and T. L. Boulware, spent Sunday in Windsor.

The cotton crop in this section of the county has about all been gathered. The cotton looks nice, but with reduced acreage and the loss by shedding incident to the wet weather, there will not be much over half the number of pounds there were last year.

Orange trees have made a fine growth since the rainy season began. There are quite a lot of trees that show a little sprinkle of oranges. If we have an unusually mild winter, there will be a good many boxes grown in Windsor next year.

W. H. Byles and M. J. Beckham each have a nice lot of pecans of very large size and excellent flavor this year. The soil seems admirably adapted to the culture of pecans.

Anyone wishing a nice fat duck for Sunday dinner can procure the same by addressing Mrs. Blarson or Mrs. Mann of this place.

Possums have made themselves very much in evidence here of late, and from the way they are stripping the persimmon trees Windsor neighborhood might be a good place to put in orders for fat possums.

Cures Chills and Fever.

G. W. Wirt, Nacogdoches, Texas, says his daughter had chills and fever for three years; he could not find anything that would help her till he used Herbine. His wife will not keep house without it, and cannot say too much for it. 50c. Sold by W. M. Johnson.

SENSATIONAL DEVELOPMENTS.

The Possibility is that There May Be Some Arrest for Perjury.

New York, Oct. 20.—The possibility of an arrest for perjury in the evidence given before the legislative insurance investigation committee increased the interest in today's session of that body.

The expectation of an arrest grew out of the action of the committee yesterday when assistant District Attorney Rand at the conclusion of the testimony of George Plunkitt, who had declared he did not sign a voucher for $901 for legal expenses to which his name wa sattached. The voucher had been paid by the Mutual Life Insurance company. This evidence was followed by testimony showing that other vouchers for legal expenses had been used to collect funds from the Mutual Life Insurance company for the maintenance of a house at Albany, where the Mutual Life Insurance company's agent was quartered and where members of the legislative insurance committee were entertained.

Further disclosures on this line were anticipated today. When the hearing was resumed today Richard A. McCurdy, president of the Mutual Life Insurance comyany was recalled to resume his testimony as to the connection of the Mutual Insurance company with the trust companies which were being investigated when the committee adjourned yesterday.

A list of the bonds and stocks owned by the Mutual Life Insurance company on June 30, 1905, was presented for identification and then the relation of the Mutual Life Insurance company with the United States Mortgage and Trust company was taken up.

Full of Tragic Meaning

Are these lines from J. H. Simmons of Casey, Ia. Think what might have resulted from his terrible cough if he had not taken the medicine about which he writes: "I had a fearful cough that disturbed my night's rest. I tried everything, but nothing would relieve it, until I took Dr. King's New Discovery for consumption, coughs and colds, which completely cured me." Instantly relieves and permanently cures all throat and lung diseases; prevents grip and pneumonia. At all druggists; guaranteed; 50c and $1.00. Trial bottle free.

Young Man Detained.

Thursday afternoon Marshal Pinkoson apprehended a young man by the name of Glenn Baylis, on order from Sheriff Leonard of St. Lucie county, stating that Baylis is wanted at Fort Pierce. The letter does not state the charge against him, but he was notified by telegraph that his man was here awaiting further developments.

Baylis is a young man of about 23 or 24 years of age, a book-keeper by occupation and declares that he is ignorant of any charge that may have caused his arrest.

Insomnia and Indigestion Cured.

"Last year I had a very severe attack of indigestion. I could not sleep at night and suffered most excruciating pains for three hours after each meal. I was troubled this way for about three months, when I used Chamberlain's Stomach and Liver Tablets and received immediate relief," says John Dixon, Tullamore, Ontario, Canada. For sale by all druggists.

Cannot Be Duplicated Elsewhere for Much Less Than Double the Club Price of $287.

We have them for immediate delivery. Call and see them, or if not convenient to call, write for Booklet "F," which will give full information.

They are especially adapted to this climate.

The scale is as near scientifically correct as is possible in piano building—evenly balanced, which is responsible for its wonderful tone—the soul of the piano. Double repeating action, the touch is light and easy. Very attractive case designs in Fancy Mahogany, Walnut and English Oak. Those who have examined the New Scale $400 Ludden & Bates say they are the best $400 values in the South. The profession tells us they have the tone of a Grand. They look like $500 pianos, and sound like them. The books for the club are now open. Remember, the club is limited to one hundred, and all our stores will take memberships. Address

Senator Patterson says the Philippine Islands are "a smoldering volcano." If you buy hand-me-downs you have to take them as they come.

Susan B. Anthony should look over some of ex-President Cleveland's old papers, if she wants to find a bunch of adjectives to paralyze the whole woman suffrage outfit.

If you go ten miles south of Gainesville in Alachua county, you will find as handsome a farming section as there is in Florida. Don't let others tell you that they can beat this county.

The Levy County Advocate, published at Williston, has been sold by J. N. Hale to Q. E. Peacock. Mr. Peacock has been manager of the paper for some time, and will no doubt keep it up to its present high standard. Mr. Hale goes to Cairo, Ga., to run a job office.

President Roosevelt's reception in the South will no doubt convince him that there are no better entertainers in the world than in the Southland. At his mother's girlhood home in Roswell, Ga., there was a genuine old-fashioned Southern welcome, which cannot be surpassed, if it can be equaled.

Many farmers in this section are digging some very fine sweet potatoes, as well flavored and mealy as those grown in either Virginia or New Jersey, where the famous "Jersey Sweets" have such a reputation. The samples of sweet potatoes we have seen this fall are proof that Florida can produce a fine grade of potato and the yield in many places is large enough to make them more profitable than the Irish potato.

Under the present school law of the State a valuable inducement is offered the patrons of the public schools to do their part in securing a good attendance. This provision of the law, in brief, gives to each school showing an average attendance of 80 per cent of its enrollment, two extra months of school at State expense. All that parents have to do is to see that their children, once enrolled, are faithful in attendance. This does not apply to schools which are already receiving State aid.

Owing to the constantly increasing demand for space in the exposition buildings of the State Fair, to be held in Tampa, November 15th to 30th, the erection of several imposing buildings not at first contemplated has been necessary. All buildings and fences will be painted white and will present a magnificent appearance. The matter of selecting judges for the various departments is now being given serious attention by the directors. Poultry breeders throughout the State will be pleased to learn that F. J. Marshall of College Park, Ga., one of the most experienced judges in the country, will act as judge of the poultry department of the Fair.

POISON IN FORAGE FODDER.

The following is from the Experiment Station Bulletin, by Dr. C. F. Dawson, Station Veterinarian, and is of deep interest to all horse breeders or owners:

"Forage poinsoning, otherwise known under the names cerelro-spinal-meningitis, grass-staggers, or blind-strggers, is a disease which occurs not only in Florida every summer but also over a large portion of the Central and Eastern parts of the United States. In Florida it seems to occur oftenest along the East Coast. As the name indicates, it is caused by poisonous plants, or more strictly speaking, by diseased forage, such as fermenting grains and hay, or by grasses which have matted together near the ground and become mouldy. Sour or mouldy silage has also produced the disease, as has also stagnant pond-water in which vegetation is decomposing. Mouldy or worm-eaten corn has also come in for its share of blame as a cause. It affects horses and mules of all ages alike.

"The symptoms are as variable as the cause, and according to their nature we recogeize three types of the disease. In the first type, the most rapidly fatal, there occurs a weak, staggering gait, partial or complete paralysis of the throat, blindness, twitching of the muscles, and no fever, as a rule. The animal soon goes down, becomes delirious and goes through the movements of walking, trotting or running while on its side. This stage is soon succeeded by deep coma, and the animal quietly expires in a few hours from the onset of the disease. The second type is first manifested by slowness of chewing, partial inability to swallow, and weakness in the tail. There is no pain or fever. The breathing and pulse are about normal, and a slight constipation exists. In two or three days the animal recovers, or all the foregoing symptoms are increased in severity. The throat paralysis is complete, the gait uncertain, coma or sleep appears, the pulse is weak and slow, the breathing is labored. Delirium now develops, the animal goes down, the spine becomes rigid and there is cramping of the neck and jaws. Death occurs in about a week or ten days in these cases.

"In the third or mild type, the control of the limbs and tail is only slightly affected, and the ability to swallow is not lost. There is no fever, pain, or unconscious movements, and the animal shows improvement in four or five days, ultimately recovering.

"In some cases of the disease, spinal paralysis is the most prominent symptom, while in others it may be difficulty in swallowing that attracts most attention. In all cases, if sleepiness or coma remains absent for a week, the animal will likely recover; but some form of paralysis may show for awhile.

"According to the symptoms do we find departures from the normal condition in the brain and spinal cord. In mild cases there are no notable changes in the nervous system. In others we note considerable liquid in the brain and spinal cord cavities, and distention of the blood vessels. In the several cases the brain and spinal cord will appear softened, and even abscesses may be found.

"The object of this article is to call attention to the causes of this disease, so that owners will be more careful to provide their animals with pure food and drinking water."

FRANCE AND GERMANY.

The friendship of France and Germany will never be very warm, says The Cincinnati Enquirer. The two great countries may stand together on some important questions of foreign policy, and appear superficially to be on terms of sweetness and amiability, but the war of 1870 will be the dominant recollection. France will grit her teeth over the loss of Alsace and Lorraine, the humiliating incident to the invasion of Paris, and the payment of large indemnity. There are still black hangings on the Statue of Metz in the Place de la Concorde, in the French capital.

Wars rankle in the minds of the passing generations. Even after one hundred and twenty-five years, at a time when the United States and Great Britain are in the affectionate embrace brought on by interdependence of commercial interests, we cease not to glorify over the heroic achievements of the Revolutionary patriots, who so "worried the life" out of Great Britain that she finally consented to let us go free.

"War is disunion," Stephen A. Douglas was quoted as saying prior to our civil conflict. It turned out not to be so; but the memory of the great civil conflict is still green, and nobody can blame the veterans of either side for still thinking they were right. And, lo, does not some great man still think it necessary to go South occasionally and throw another bridge over the "bloody chasm."

France and Germany may preserve the peace, but they can never be real, downright, heart-to-heart friends. The animosity and memory of a hard fight is one of the hardest propositions civilization has to deal with.

QUARANTINE CONVENTION.

A very earnest desire is felt throughout the South, particularly in those sections either invaded by yellow fever, or demoralized by quarantines, to make the Quarantine and Immigration Convention which meets at Chattanooga, November 9 and 10, a success. The advantages of early action in this matter will be recognized by all. The quarantine question should be acted on and decided while it is before the people, while the experiences of the many unwise, contradictory and onerous quarantines of this summer are still fresh in their memories and when they know what should be done. In a few months, with the ousting of the yellow fever and the revival of business, most of the people will have forgotten what they have gone through, or will be too busy to give their attention to the subject of quarantine. A convention held then will not represent the true sentiment of the South and will not contain its strongest men, but may be controlled by those more interested in patronage than in efficient quarantine work.

Moreover, it is especially desired to have an expression of opinion from the Southern people on the question—one about which there can be no dispute—at as early a day as possible, so that Congress will be able to take it up at its meeting in December, thus assuring every action on it. A bill, properly prepared by men of standing and influence in the South, supported as it will be by Democratic leaders like Senators Morgan and McEnery, and in a House by the Democratic leader, John Sharpe Williams of Mississippi, will almost certainly pass Congress.

BOYCOTT THE PULLMANS.

Social equality in the Pullman cars is the dose now offered to Florida people, and if they are pleased to accept it they may do so, but The Herald's scribe will walk or sleep out on the wire-grass before he will take any such medicine.

On Saturday, 14th inst., at Jacksonville, Capt. W. H. Johnson of Punta Gorda entered the Pullman sleeper "Portugal," C. W. Gill, conductor, which was attached to the Atlantic Coast Line Train 21, W. R. Burt, conductor, coming from Jacksonville to Port Tampa. In the "Portugal" were a negro man, his wife and three children, all of whom had secured sleeping berths. Capt. Johnson laid the matter before both conductors, who explained that they were powerless to do anything as the negroes had first-class tickets over the line and also tickets for berths in the Pullman sleeper.

Thereupon Capt. Johnson, accompanied by Messrs. J. A. Butler of Green Cove Springs, and L. A. Shepherd of Monticello, withdrew from the "Portugal" and spent the night with the "poor white trash" in the ordinary passenger coach in front.

Capt. Johnson says that this is the second time he has been confronted by an attempt on the part of the Pullmans to force social equality on their patrons. The first attempt came near causing a riot with serious consequences, but the second one was passed peacefully for the sake of the innocent conductor.

In these days when our State authorities are lending encouragement to murder, the conduct of the Pullmans may beget lawlessness of a serious nature.—Punta Gorda Herald.

WEEKLY CROP REPORT.

The weekly crop bulletin, issued by Section Director A. J. Mitchel of the Weather Bureau at Jacksonville, for the week ending October 16, is as follows:

"The week gave showers to locally heavy rains over all districts. The least amounts occurred on the north-east coast, and the greatest amounts over western counties, where precipitation was sufficiently heavy to wash cotton from the bolls, and otherwise damage the lint. By far the greater part of the crop has been gathered and ginned. Many fields have had stock turned in on them. Where labor has been scarce and unsatisfactory some picking is yet to be done. There being very little top cotton picking will be generally completed by the close of the month. The crop will not exceed two-thirds of an average one. The potato and cane crops are promising. Much hay has been saved. Work on low-lands has been delayed by frequent rains, and in some instances fall and winter vegetables will be delayed. Some replanting is now going on. Citrus trees and pinespple slips are doing well. Citrus fruits are coloring nicely and shipments are increasing. The fruit, as yet, does not possess its usual flavor."

HEAVY HOGS.

A few years ago there was a demand for heavy lard hogs. Now the tendency is towards smooth, even hogs of medium weight of from 225 to 350 pounds of early maturity. Hogs of this weight should be free of surplus fat, possess smooth shoulders, well laid in with the line of the body, hams moderately heavy, a firm flesh with flanks well down so as to furnish a large development of belly meat. The back should be of good length, width and smooth, showing an absence of large patches of fat above the hams. The best cuts of the hog are taken from the back, loin and sides, hence the importance of good length and sides are desirable. The careful breeder of pure-bred swine keeps informed on just such points and aims to produce the market demand. The scrub hog has no place on the farm and since the packer and his trade have called for a certain type of hog, it stands the hog raiser well in hand to meet the demand through careful breeding and feeding. Medium weight hogs, through the demands of trade, have disposed of the old time 500 or 600 pound lard hog.—The Stockman.

A FOOL NOTION.

The hemeopathist doctors are trying to get a law passed in the State of New York, making it necessary for people to obtain certificates of health before they can get married, when marriage is the only remedy to relieve some people we know, and after marriage their sickness does not leave them until one or the other strikes something more fascinating.

Still there are plenty of rubber-headed people who think everything should be married. There is no reason in such talk, as some men are not fit to even live in the same town with a sweet woman, let alone marrying one.

Many people who are married, said an old bachelor, are not content to suffer alone, therefore would like to see others in the same boat. The subject will never be settled so long as America is free.

STATE INSURANCE.

Ever since The Sun revived the State insurance question there has been more or less favorable comment on the subject by the press of the State, and it is apparent that at the next session of the Legislature there will be a revival of the matter in earnest. In speaking of the insurance business The Palatka Times-Herald says:

"The question of the State going into the insurance business will certainly receive the careful attention of the next Legislature. Governor Broward has the support of the people on his stand in this all-important matter."

Others have expressed the same sentiment, and it is quite evident that we can have State insurance, as well as to have the companies under Government control.

The medical examining committee in the case of David Mitchell, the Bradford county negro sentenced to hang, who had the sentence commuted to life imprisonment, has stated that he does not possess the average intelligence of the common negro. Still he has the cunning of a bad negro, and is a dangerous man to have even under guard in a turpentine camp.

The schools of Gainesville are receiving new pupils every day, and the people who send their children here for an education will never regret it. The faculty is composed of educators in every sense of the word, with abundant experience to understand thoroughly the needs of the young people seeking an education. We have no hesitation in recommending the University High School of this city as the peer of any in Florida.

The "Gainesville Spirit" still rages with unabated vigor in Florida's progressive inland city. At the recent bond election there were only 27 votes out of a total of 272 against the proposition to spend $115,000 for city improvements. The result is that Gainesville will have sewers, paved streets, electric lights and a hospital. Gainesville deserves all the prosperity that is coming its way.—St. Augustine Record.

The people of Florida are getting a severe lesson on cleanliness. Some of the cities have kept everything looking so bright that they don't need electric lights. Keep it up.

Carnegie says it is not necessary to go to college if commerce is your chosen sphere. Perhaps not. Some colleges may try to induce students to be honest.

The celery crop is now being looked after in this State. There is a chance to make money raising celery in Florida.

Because Japan got the best of Russia, she is considered greater in every way than any other nation on earth.

Admiral Dewey thinks—but we don't care what he thinks. It is too long after his great victory to pay attention to his thinks. He is history.

Senator Patterson says the Philippine Islands are "a smoldering volcano." If you buy hand-me-downs you have to take them as they come.

Susan B. Anthony should look over some of ex-President Cleveland's old papers, if she wants to find a bunch of adjectives to paralyze the whole woman suffrage outfit.

If you go ten miles south of Gainesville in Alachua county, you will find as handsome a farming section as there is in Florida. Don't let others tell you that they can beat this county.

The Levy County Advocate, published at Williston, has been sold by J. N. Hale to Q. E. Peacock. Mr. Peacock has been manager of the paper for some time, and will no doubt keep it up to its present high standard. Mr. Hale goes to Cairo, Ga., to run a job office.

President Roosevelt's reception in the South will no doubt convince him that there are no better entertainers in the world than in the Southland. At his mother's girlhood home in Roswell, Ga., there was a genuine old-fashioned Southern welcome, which cannot be surpassed, if it can be equaled.

Many farmers in this section are digging some very fine sweet potatoes, as well flavored and mealy as those grown in either Virginia or New Jersey, where the famous "Jersey Sweets" have such a reputation. The samples of sweet potatoes we have seen this fall are proof that Florida can produce a fine grade of potato and the yield in many places is large enough to make them more profitable than the Irish potato.

Under the present school law of the State a valuable inducement is offered the patrons of the public schools to do their part in securing a good attendance. This provision of the law, in brief, gives to each school showing an average attendance of 80 per cent of its enrollment, two extra months of school at State expense. All that parents have to do is to see that their children, once enrolled, are faithful in attendance. This does not apply to schools which are already receiving State aid.

Owing to the constantly increasing demand for space in the exposition buildings of the State Fair, to be held in Tampa, November 15th to 30th, the erection of several imposing buildings not at first contemplated has been necessary. All buildings and fences will be painted white and will present a magnificent appearance. The matter of selecting judges for the various departments is now being given serious attention by the directors. Poultry breeders throughout the State will be pleased to learn that F. J. Marshall of College Park, Ga., one of the most experienced judges in the country, will act as judge of the poultry department of the Fair.

POISON IN FORAGE FODDER.

The following is from the Experiment Station Bulletin, by Dr. C. F. Dawson, Station Veterinarian, and is of deep interest to all horse breeders or owners:

"Forage poinsoning, otherwise known under the names cerelro-spinal-meningitis, grass-staggers, or blind-strggers, is a disease which occurs not only in Florida every summer but also over a large portion of the Central and Eastern parts of the United States. In Florida it seems to occur oftenest along the East Coast. As the name indicates, it is caused by poisonous plants, or more strictly speaking, by diseased forage, such as fermenting grains and hay, or by grasses which have matted together near the ground and become mouldy. Sour or mouldy silage has also produced the disease, as has also stagnant pond-water in which vegetation is decomposing. Mouldy or worm-eaten corn has also come in for its share of blame as a cause. It affects horses and mules of all ages alike.

"The symptoms are as variable as the cause, and according to their nature we recognize three types of the disease. In the first type, the most rapidly fatal, there occurs a weak, staggering gait, partial or complete paralysis of the throat, blindness, twitching of the muscles, and no fever, as a rule. The animal soon goes down, becomes delirious and goes through the movements of walking, trotting or running while on its side. This stage is soon succeeded by deep coma, and the animal quietly expires in a few hours from the onset of the disease. The second type is first manifested by slowness of chewing, partial inability to swallow, and weakness in the tail. There is no pain or fever. The breathing and pulse are about normal, and a slight constipation exists. In two or three days the animal recovers, or all the foregoing symptoms are increased in severity. The throat paralysis is complete, the gait uncertain, coma or sleep appears, the pulse is weak and slow, the breathing is labored. Delirium now develops, the animal goes down, the spine becomes rigid and there is cramping of the neck and jaws. Death occurs in about a week or ten days in these cases.

"In the third or mild type, the control of the limbs and tail is only slightly affected, and the ability to swallow is not lost. There is no fever, pain, or unconscious movements, and the animal shows improvement in four or five days, ultimately recovering.

"In some cases of the disease, spinal paralysis is the most prominent symptom, while in others it may be difficulty in swallowing that attracts most attention. In all cases, if sleepiness or coma remains absent for a week, the animal will likely recover; but some form of paralysis may show for awhile.

"According to the symptoms do we find departures from the normal condition in the brain and spinal cord. In mild cases there are no notable changes in the nervous system. In others we note considerable liquid in the brain and spinal cord cavities, and distention of the blood vessels. In the several cases the brain and spinal cord will appear softened, and even abscesses may be found.

"The object of this article is to call attention to the causes of this disease, so that owners will be more careful to provide their animals with pure food and drinking water."

FRANCE AND GERMANY.

The friendship of France and Germany will never be very warm, says The Cincinnati Enquirer. The two great countries may stand together on some important questions of foreign policy, and appear superficially to be on terms of sweetness and amiability, but the war of 1870 will be the dominant recollection. France will grit her teeth over the loss of Alsace and Lorraine, the humiliating incident to the invasion of Paris, and the payment of large indemnity. There are still black hangings on the Statue of Metz in the Place de la Concorde, in the French capital.

Wars rankle in the minds of the passing generations. Even after one hundred and twenty-five years, at a time when the United States and Great Britain are in the affectionate embrace brought on by interdependence of commercial interests, we cease not to glorify over the heroic achievements of the Revolutionary patriots, who so "worried the life" out of Great Britain that she finally consented to let us go free.

"War is disunion," Stephen A. Douglas was quoted as saying prior to our civil conflict. It turned out not to be so; but the memory of the great civil conflict is still green, and nobody can blame the veterans of either side for still thinking they were right. And, lo, does not some great man still think it necessary to go South occasionally and throw another bridge over the "bloody chasm."

France and Germany may preserve the peace, but they can never be real, downright, heart-to-heart friends. The animosity and memory of a hard fight is one of the hardest propositions civilization has to deal with.

QUARANTINE CONVENTION.

A very earnest desire is felt throughout the South, particularly in those sections either invaded by yellow fever, or demoralized by quarantines, to make the Quarantine and Immigration Convention which meets at Chattanooga, November 9 and 10, a success. The advantages of early action in this matter will be recognized by all. The quarantine question should be acted on and decided while it is before the people, while the experiences of the many unwise, contradictory and onerous quarantines of this summer are still fresh in their memories and when they know what should be done. In a few months, with the ousting of the yellow fever and the revival of business, most of the people will have forgotten what they have gone through, or will be too busy to give their attention to the subject of quarantine. A convention held then will not represent the true sentiment of the South and will not contain its strongest men, but may be controlled by those more interested in patronage than in efficient quarantine work.

Moreover, it is especially desired to have an expression of opinion from the Southern people on the question—one about which there can be no dispute—at as early a day as possible, so that Congress will be able to take it up at its meeting in December, thus assuring every action on it. A bill, properly prepared by men of standing and influence in the South, supported as it will be by Democratic leaders like Senators Morgan and McEnery, and in a House by the Democratic leader, John Sharpe Williams of Mississippi, will almost certainly pass Congress.

BOYCOTT THE PULLMANS.

Social equality in the Pullman cars is the dose now offered to Florida people, and if they are pleased to accept it they may do so, but The Herald's scribe will walk or sleep out on the wire-grass before he will take any such medicine.

On Saturday, 14th inst., at Jacksonville, Capt. W. H. Johnson of Punta Gorda entered the Pullman sleeper "Portugal," C. W. Gill, conductor, which was attached to the Atlantic Coast Line Train 21, W. R. Burt, conductor, coming from Jacksonville to Port Tampa. In the "Portugal" were a negro man, his wife and three children, all of whom had secured sleeping berths. Capt. Johnson laid the matter before both conductors, who explained that they were powerless to do anything as the negroes had first-class tickets over the line and also tickets for berths in the Pullman sleeper.

Thereupon Capt. Johnson, accompanied by Messrs. J. A. Butler of Green Cove Springs, and L. A. Shepherd of Monticello, withdrew from the "Portugal" and spent the night with the "poor white trash" in the ordinary passenger coach in front.

Capt. Johnson says that this is the second time he has been confronted by an attempt on the part of the Pullmans to force social equality on their patrons. The first attempt came near causing a riot with serious consequences, but the second one was passed peacefully for the sake of the innocent conductor.

In these days when our State authorities are lending encouragement to murder, the conduct of the Pullmans may beget lawlessness of a serious nature.—Punta Gorda Herald.

WEEKLY CROP REPORT.

The weekly crop bulletin, issued by Section Director A. J. Mitchel of the Weather Bureau at Jacksonville, for the week ending October 16, is as follows:

"The week gave showers to locally heavy rains over all districts. The least amounts occurred on the north-east coast, and the greatest amounts over western counties, where precipitation was sufficiently heavy to wash cotton from the bolls, and otherwise damage the lint. By far the greater part of the crop has been gathered and ginned. Many fields have had stock turned in on them. Where labor has been scarce and unsatisfactory some picking is yet to be done. There being very little top cotton picking will be generally completed by the close of the month. The crop will not exceed two-thirds of an average one. The potato and cane crops are promising. Much hay has been saved. Work on low-lands has been delayed by frequent rains, and in some instances fall and winter vegetables will be delayed. Some replanting is now going on. Citrus trees and pinespple slips are doing well. Citrus fruits are coloring nicely and shipments are increasing. The fruit, as yet, does not possess its usual flavor."

HEAVY HOGS.

A few years ago there was a demand for heavy lard hogs. Now the tendency is towards smooth, even hogs of medium weight of from 225 to 350 pounds of early maturity. Hogs of this weight should be free of surplus fat, possess smooth shoulders, well laid in with the line of the body, hams moderately heavy, a firm flesh with flanks well down so as to furnish a large development of belly meat. The back should be of good length, width and smooth, showing an absence of large patches of fat above the hams. The best cuts of the hog are taken from the back, loin and sides, hence the importance of good length and sides are desirable. The careful breeder of pure-bred swine keeps informed on just such points and aims to produce the market demand. The scrub hog has no place on the farm and since the packer and his trade have called for a certain type of hog, it stands the hog raiser well in hand to meet the demand through careful breeding and feeding. Medium weight hogs, through the demands of trade, have disposed of the old time 500 or 600 pound lard hog.—The Stockman.

A FOOL NOTION.

The homeopathist doctors are trying to get a law passed in the State of New York, making it necessary for people to obtain certificates of health before they can get married, when marriage is the only remedy to relieve some people we know, and after marriage their sickness does not leave them until one or the other strikes something more fascinating.

Still there are plenty of rubber-headed people who think everything should be married. There is no reason in such talk, as some men are not fit to even live in the same town with a sweet woman, let alone marrying one.

Many people who are married, said an old bachelor, are not content to suffer alone, therefore would like to see others in the same boat. The subject will never be settled so long as America is free.

STATE INSURANCE.

Ever since The Sun revived the State insurance question there has been more or less favorable comment on the subject by the press of the State, and it is apparent that at the next session of the Legislature there will be a revival of the matter in earnest. In speaking of the insurance business The Palatka Times-Herald says:

"The question of the State going into the insurance business will certainly receive the careful attention of the next Legislature. Governor Broward has the support of the people on his stand in this all-important matter."

Others have expressed the same sentiment, and it is quite evident that we can have State insurance, as well as to have the companies under Government control.

The medical examining committee in the case of David Mitchell, the Bradford county negro sentenced to hang, who had the sentence commuted to life imprisonment, has stated that he does not possess the average intelligence of the common negro. Still he has the cunning of a bad negro, and is a dangerous man to have even under guard in a turpentine camp.

The schools of Gainesville are receiving new pupils every day, and the people who send their children here for an education will never regret it. The faculty is composed of educators in every sense of the word, with abundant experience to understand thoroughly the needs of the young people seeking an education. We have no hesitation in recommending the University High School of this city as the peer of any in Florida.

The "Gainesville Spirit" still rages with unabated vigor in Florida's progressive inland city. At the recent bond election there were only 27 votes out of a total of 272 against the proposition to spend $115,000 for city improvements. The result is that Gainesville will have sewers, paved streets, electric lights and a hospital. Gainesville deserves all the prosperity that is coming its way.—St. Augustine Record.

The people of Florida are getting a severe lesson on cleanliness. Some of the cities have kept everything looking so bright that they don't need electric lights. Keep it up.

Carnegie says it is not necessary to go to college if commerce is your chosen sphere. Perhaps not. Some colleges may try to induce students to be honest.

The celery crop is now being looked after in this State. There is a chance to make money raising celery in Florida.

LARGE BANK FAILS; CASHIER SUICIDES

Over Half of Million Dollars of State's Money on Deposit.

UNABLE TO REALIZE ON LOANS

It is Claimed that the Cashier Had Approved Paper of New Enterprise, and When He Could Not Replace the Funds He Took His Life.

New York, Oct. 20.—Concerning the closing of the Enterprise National bank of Allegheny, and the suicide of its cashier, T. Lee Clarke, yesterday, a dispatch to the Herald from Pittsburg says:

"It was learned late Wednesday night that the disaster to the Enterprise National bank was expected in certain quarters. Plans for an exposure of the trafficking in state bonds, it is said, were laid weeks ago. Mr. Clark was cognizant of this and talked over the matter with several of the directors a few days ago. The cashier was told by the directors he would have to meet the paper obligations of the institution negotiated through him, and he promised to insure the bank against all loans for which he was responsible. The supposition is he was unable to accomplish this, and fearing the consequences, took his life.

"Although bank directors only acknowledged having $600,00 of the state funds, the assertion was made by one of the bank officials that the enterprise had more than $1,000,000 state money on deposit when the extensive loans were made.

"Clarke was associated as the treasurer with former State Senator Andrews and Francis Torrence, who, according to President Gwynner, were borrowers of the bank, in the Santa Fe Central Railway company, incorporated in New Mexico in 1891. The stock of the corporation has never been marketed. This road was built by Messrs. Andrews and Torrence. Cashier Clark was also a heavy investor in Mexico and New Mexico silver mining stocks, according to Mr. Gwynner.

"At the last election Mr. Andrews was elected as a delegate from New Mexico in congress and it is asserted he aspired to be senator from New Mexico when that territory is admitted to statehood. Although Mr. Andrews is now delegate from New Mexico he retains a residence here in a apartments in the Hotel Schenley. Mr. Andrews arrived here yesterday from New Mexico but refused to talk about the Enterprise bank's trouble."

When advised of the statements made by the president of the Enterprise National bank, that the closing of the doors was due to loaning of state's money to politicians, Homer L. Castle, candidate for supreme court on the Prohibition ticket, who has been campaigning the state in company with W. H. Berry, Democratic Prohibition candidate for state treasurer, said:

"I am sorry. The life of a good man is a terrible price to pay for what has gone on. We have been saying that these conditions existed, but we could not get behind the bank doors. Now a pistol shot has opened them and reveals paralyzing conditions. Nobody knows now what will follow."

BOZEMAN--MOODY.

Two Prominent Young People Join Hearts and Hands

Mr. W. T. Bozeman of Savannah, Ga., and Miss Mary Moody of Cadillac were united in the holy bonds of wedlock Sunday afternoon, at 5 o'clock, at the home of the bride's parents, Mr. and Mrs. D. A. Moody.

The ceremony was performed by Rev. Mason, pastor of the Methodist church at Alachua, in a very solemn and impressive manner.

The wedding was a very quiet one, only the relatives and a few friends of the contracting parties being present.

Miss Moody is a young lady of charming disposition and loved by all who know her. Mr. Bozeman is a valued employe of the Atlantic Coast Line at Savannah.

Mr. and Mrs. Bozeman will reside in Savannah.

Negro Kills Motorman.

Birmingham, Ala., Oct. 20.—No greater indignation has ever been felt in Birmingham for murder than that said to have been done by a negro, which cost the life of Berry Pessner, a motorman, at the hands of R. L. Nix, a desperate negro, on Tuesday night. The negro, some time ago, drew a knife and cut L. Tennerson, a merchant, during a quarrel over a petty transaction in the latter's store. The motorman had been enduring the cursing of a gang of negro men on the front platform of a Gate City car, until he could stand it no longer and informed the negroes that they must desist or leave the car. This infuriated Nix, who drew a knife and saying "Damn you, put me off," stabbed Pessner in the breast and neck. Pessner died the next morning. The negro ran, but was captured a few blocks from the scene of the crime. When he was taken to the county jail a great crowd followed and would have done violence if permitted.

Merger Is Endorsed.

Cincinnati, Oct. 20.—The members of the administrative council of the National Metal Trades association have indorsed every detail of the merger of their organization with the National Founders' association, and last adjourned after empowering the committee, which has had charge of the preliminary details, to bring the merger to an actuality. The new body will retain the name of the national metal trades association. The present officers are President J. W. Gardner, of Quincy, Ill.; First Vice President Fred A. Gier, of Cincinnati; Second Vice President W. D. Salle, of Cleveland, O. and Treasurer W. E. Copeland, of Chicago.

Praise for Health Officers.

Montgomery, Ala. Oct. 20.—There is the most unanimous commendation for the way the Alabama health officers have handled the quarantine situation, keeping all but the one lone case in Montgomery and the two cases at Castleberry out of the state. This, too, in the face of the fact that much of the line of Florida, Louisiana and Mississippi was infected at one time or another. The governor and all the state officers have the greatest praise for Dr. W. H. Sanders and his able assistant, Walter Brassell, and all the efficient men under them.

OLD SORES SAP THE VITALITY AND UNDERMINE THE HEALTH.

Old Sores that refuse to heal are a constant menace to health. They sap the vitality and undermine the constitution by draining the system of its very life fluids, and those afflicted with one of these ulcers grow despondent and almost desperate as one treatment after another fails. They patiently apply salves, washes, plasters, etc., but in spite of all these the sore refuses to heal and eats deeper into the surrounding flesh, destroying the tissues and growing to be a festering, inflamed and angry mass. The source of the trouble is in the blood. This vital fluid is filled with impurities and poisons which are constantly being discharged into the sore or ulcer, making it impossible for the place to heal. It will not do to depend on external applications for a cure, because they do not reach the real cause, and valuable time is lost experimenting with such treatment; the most they can do is keep the ulcer clean. Any sore that will not heal is dangerous, for the reason that it may have the deadly germs of Cancer behind it. A cure can be brought about only through a remedy that can change the quality of the blood, and this is what S. S. S. does. It goes to the very bottom of the trouble, drives out the poisons and germs with which it is filled, and purifies and builds up the entire circulation. By the use of S. S. S. the sore is supplied with new, rich blood which corrects the trouble, soon stops the discharge, and allows the place to heal naturally and permanently. S. S. S. also reinvigorates the entire system, and where the constitution has been depleted or broken down it quickly builds it up and restores perfect health. Write for our special book on sores and ulcers, and any medical advice you are in need of; no charge for either.

Orlando business men now use 15 electric motors.

The roller skating craze has swooped down upon Jacksonville.

The Lake City postoffice will soon be advanced to the second class.

The Green Cove Springs street car has ceased to run after many years.

The Jacksonville city council has passed the "Jim Crow" street car bill.

Key West will call a new election to settle the disputed police justice contest.

Sweet potatoes in the vicinity of Beulah, Escambia county, are rotting badly.

The Dade county court has such a rush of business on hand that night sessions are being held.

The spur line of the Seaboard Air Line to connect Bradentown with Manatee is to be built at once.

Hon. Leslie M. Shaw, secretary of the treasury, Washington, D.C., will be invited to open the State Fair at Tampa.

Camp Broward is the name selected for the encampment of the First Regiment, Florida State Troops, at Lake City.

West Palm Beach is to have a fountain in the city park, to be built by popular subscription. It will cost $1,000.

The Circulo Cubans of Tampa, an organization of Cubans for social intercourse, will erect a fine building in that city.

Orlando is in favor of putting up a school building that will meet future as well as present requirements. And it is a good idea.

The Methodist church at Jasper will have $1,200 in improvements, which will add much to its inside and outside appearance.

Octavio Fernandez was accidentally shot by a companion while out hunting near Tampa, and he died soon after the accident.

The people of Levy county are determined on having a new court house, and committees have been appointed to investigate the matter.

Lake Butler would remind the people that they are still on the map and coming. Avery Powell, editor of The Star, is doing a heap to help the work along.

The Jacksonville people are gaining in goodness. The city council will not allow a pool or billiard room to be conducted within 300 yards of a church or school.

A. Fowler & Son are going to fence their 21,000 acres of land south of Bronson and put 2,000 head of blooded cattle on it. This will be a paying investment.

A carload of palms were shipped from Miami to St. Augustine to be used at the Ponce de Leon in decorating for the reception of President Roosevelt.

There is going to be a good yield of oranges this winter in the Manatee country, and most of the trees show excellent conditions of the fruit—large in size and bright in color.

Hunter Hilds of Hastings has been arrested at Hastings for beating another negro named Edwards with a club over the head so that he will doubtless die. Hilds is a bad nigger.

The city of Pensacola no longer has a street superintendent. The office was declared vacant by the Board of Public Works Wednesday afternoon, and as a consequence, Chas. H. Gindrat, who had the position for some months, is without a job. The resolution declaring the office vacant discharged Mr. Gindrat.

The Pasco county court is now trying D. B Keigan for the murder of Hansel Norman, which occurred at Sagano some time ago. Another murder case will follow as soon as this one is ended.

The A. C. L. Railway is putting in six elaborate water softening plants at Ocala, Dunnellon, Port Tampa, Bone Junction and Sanford. These and other improvements the road is making will cost $3,000,000.

Lake City claims a population of 6,500. Now if the enumerator had only waited until this week to take the census he could have easily made it 7,000. The soldier boys are there now, you know.—Madison Enterprise.

Judge Jones of Dade county has appointed the wife of Eugene C. Dearborn, who died a few days ago, to succeed him as clerk of the circuit court of that county. She will fill the unexpired term, provided there is no objection.

A noteworthy incident of the revival recently conducted by Rev. C. C. Carroll at Blitchton was the accession of the venerable Mrs. Sparkman to that church. She transferred her letter from the Fellowship Church. Mrs. Sparkman is a hundred and nine years old. She was four years old when George Washington died.—Ocala Star.

By a unanimous vote the Jacksonville City Council has passed an ordinance prohibiting the discharging of city employes because of their trading or not trading with any particular person or firm. This was a bill introduced by Councilman Ross, as a result of the charges made against Superintendent Drysdale of the street cleaning department.

The Tampa Automobile and Good Roads Club will attend the Bloomingdale camp-meeting in a body Sunday, Oct. 29. All of which goes to show that Solomon was wrong when he said "there is nothing new under the sun," and the contrast between one of the oldest forms of religious services and one of the most modern methods of rapid transit, is striking in the extreme.—Tampa Tribune.

A murder was committed on the 14th of October seven miles south of Mascotte. Dover Benford, colored, one of E. E. Edge's hands, was the victim. Captain Laws held an inquest. The evidence showed that one King, a negro laborer for Sharp & Dutton, probably did the killing. Monday additional evidence was found implicating Ed. Brown, also colored, as an accessory, and he was handed over to the sheriff.

Don't be Imposed Upon.

Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the genuine. These worthless imitations have similar sounding names. Beware of them. The genuine Foley's Honey and Tar is in a yellow package. Ask for it and refuse any substitute. It is the best remedy for coughs and colds. J W. McCollum & Co.

County Licenses.

County Tax Collector Dickinson has been busy making out licenses of late and the total issued up to October 20th, 1905, is 274. The amount received for State licenses is $1,652.50; for county licenses, $1,008. There has been about half as many take-outs this year as were paid up to the same time last year, and those who do not pay up between this date and November 15 may have to settle with the grand jury.

THE YELLOW FEVER.

Pensacola Getting More Hopeful—Science Wins at New Orleans.

Pensacola, Oct. 20.—The fever reports up to noon fail to make out a single case of fever except those of a mother and babe announced last night a few moments after the issuance of the official bulletin. The babe died this morning.

The situation yesterday gave much hope and for the twenty-four hours ending at 6 p. m. there were but seven new cases and two deaths.

Total number of cases, 448; total deaths to date, 65.

At New Orleans.

New Orleans, Oct. 20.—For the twenty-four hours ending at 6 p. m. last night there were eight new cases and no deaths reported. This record shows the triumph of science, and the fight made in New Orleans clearly shows the correctness of the mosquito theory.

Today only three cases are reported up to noon, with no deaths.

Total cases to date, 3,456; total number of deaths, 436

How to Cure Corns and Bunions.

First, soak the corn or bunion in warm water to soften it; then pare it down as closely as possible without drawing blood and apply Chamberlain's Pain Balm twice daily, rubbing vigorously for five minutes at each application. A corn plaster should be worn a few days to protect it from the shoe. As a general liniment for sprains, bruises, lameness and rheumatism, Pain Balm is unequaled. For sale by all druggists.

Imprisoned in Nicaragua.

Philadelphia, Oct. 20.—Frederick W. Murphy, a Philadelphian, is in a a Central American prison, unknown to most of his relations and friends here. He was convicted of killing his guide last March and was sentenced to ten years in jail at Managua, Nicaragua. His aged mother and his brother, who live in this city, are said to be anxious as to his state. The state department at Washington has investigated the case thoroughly through Consul Murray, but has not made public the result of its inquiry.

Cures Winter Cough.

J. E. Gover, 101 North Main street, Ottawa, Kan., writes: "Every fall it has been my wife's trouble to catch a severe cold, and therefore to cough all winter long. Last fall I got her a bottle of Horehound Syrup. She used it and has been able to sleep soundly all night long. Whenever the cough troubles her, two or three doses stop the cough, and she is able to be up and well." 25c, 50c and $1. Sold by W. M. Johnson.

Died at 100 Years of Age.

Detroit, Mich., Oct. 20.—Ehlert W. Strelow, a resident of this city since 1869, died yesterday aged 100 years and two months. His sight was so good and his nerves so steady that he was able to shave himself until after his hundredth birthday. He was the father of nine children, five of whom are living.

Simpson's Condition Improved.

Wichita, Kan., Oct. 20.—The condition of ex-Congressman Jerry Simpson was improved early today, the patient having slept the greater part of the night. The attending physician, however, held out no hope and says that death is liable to occur at any time.

A Card.

This is to certify that all druggists are authorized to refund your money if Foley's Honey and Tar fails to cure your cough or cold. It stops the cough, heals the lungs and prevents serious results from a cold. Cures la grippe cough and prevents pneumonia and consumption. Contains no opiates. The genuine is in a yellow package. Refuse substitutes. J. W. McCollum & Co.

Indicted for Forgery.

Muskogee, I. T., Oct. 20.—C. M. Bradley, of this city, a banker and real estate dealer, was indicted by the federal grand jury today charged with forgery and conspiracy growing out of a land deal.

BALLARD'S HOREHOUND SYRUP

PERMANENTLY CURES

CONSUMPTION, COUGHS, COLDS, BRONCHITIS ASTHMA, SORE THROAT, HOARSENESS WHOOPING COUGH AND CROUP

DO NOT DELAY

Until the drain on your system produces permanent disability. The human breathing machinery is a wonderful system of tubes and cells. To have good health it must be kept in good order. A **COLD** is considered of no importance, yet if it was known by it's proper name of **"throat inflammation,"** or **"congestion** of the lungs," its dangerous character would be appreciated. When a cold makes its appearance use at once **Ballard's Horehound Syrup** which will speedily overcome it. **WHOOPING COUGH** and **CROUP** Require Prompt Action. **SNOW LINIMENT** applied to the throat and chest gives wonderful relief, while **Ballard's Horehound Syrup** will rapidly stop the violent paroxysms of coughing. **IT IS THE ONLY COUGH REMEDY THAT WILL POSITIVELY CURE WHOOPING COUGH AND CROUP.**

BEST FOR CHILDREN

Mrs. Maud Adams, Goldthwaite, Tex., writes:—"I have used Ballard's Horehound Syrup and find it the BEST medicine for croup, coughs and colds. My children use it and it is pleasant to take and quickly cures."

What Has Happened and What is Going to Happen Told in Short Paragraphs So That "He Who Runs May Read" It in The Sun.

From Friday's Daily Sun.

B. L. Flowers of Willeford was in the city yesterday.

Evans Holder of Santa Fe was a Gainesville caller yesterday.

400 bushels Texas seed oats for sale. J. O. Andrews, Gainesville, Fla.

Edeo Thomas and Cora Washington, colored, were licensed to wed on Wednesday.

Clarence Camp of Ocala, of the Camp Phosphate Co, was in the city yesterday.

J. A. Ward, a merchant of Bell, was among the numerous visitors in the city yesterday.

Mrs. S. H. George of Branford is the welcome guest of Miss Carrie Miller of this city.

W. W. Colson, our county tax assessor, has gone on a business trip to the vicinity of Trenton.

H. C. Stevens of High Springs, watch inspector of the Atlantic Coast Line, was in the city yesterday.

Turpentine leases for sale at this office, 50c per dozen, $3 per hundred. Cash must accompany order. dawtf

W. N. Gamling and G. E. Bryan of High Springs were in the city yesterday in the interest of good roads. A good thing.

Miss Brown of Hawthorn, who has been visiting Mr. and Mrs. H. Kelley in the city, returned to her home yesterday afternoon.

G. L. Bryant, city marshal of High Springs, was a Gainesville visitor yesterday. He reported everything quiet at his home town.

LABOR Contracts, just the thing for farmers and turpentine men, 50c per dozen, $2 for 50, or $3 per 100. Cash in hand with order. Address, THE SUN, Gainesville, Fla.

Miss Maggie Morrison, who has been the guest of Dr. and Mrs. J. H. Alderman at their pleasant home on Alachua avenue, left for her home at High Springs yesterday afternoon.

M. E. Jolly has been at his farm this week gathering his sweet potato crop. Mr. Jolly is one of Alachua's thrifty farmers, and takes pains in the quality of stuff he raises, thereby finding a ready market for his products.

Superintendent Kelley is having a number of strong boxes made for the teachers of the county, in which they can place their officered documents at their respective schools. They are of various sizes, according to the size of the schools, and it will take 93 to supply the white and upwards of 50 for the colored schools.

Secretary J. G Kellum, of the State Board of Educational Control, has been in the city for a few days, unloading a carload of apparatus belonging to the State that he recently took from the military school at Bartow. It will be stored in the old Seminary building until placed in the University when completed.

B. Edelstein, who recently returned from an extended stay in New York, where he has a branch business, left his son Dave to look after the New York end while he remains in Gainesville. Mr. Edelstein says there is little interest manifested in municipal politics this fall, it being conceded that Mayor McClellan will be re-elected by an overwhelming majority.

Col. S. I. Wailes, who has been in the city for several days on business connected with the United States land office, was a pleasant caller at this office yesterday. Though well advanced in years Col. Wailes is in the best of health and never looked better. As soon as he closes his land interests in Florida he will return to the West to look after his mining interests.

Notice is given in The High Springs Hornet that application has been made for tax deed to issue to the following described property situated in Alachua county, Florida, to wit: North half Sec. 18, Tp. 10, R. 14, 320 acres, said land being assessed at date of issuance of such certificate in the name of Jno. C. McGehe. Unless said certificate shall be redeemed according to law, tax deed will issue thereon on the 9th day of November, 1905.

From Saturday's Daily Sun.

J. P. O'Dell of Micanopy was in the city yesterday.

J. A. J. and C. C. Strickland of Hague were in the city yesterday on business.

Wesley Turner and John Lightsey of Bell were visitors in Gainesville yesterday.

W. F. Langford and G. W. Livingston of Newberry were in the city yesterday on business.

Mrs. E. Smith, Mrs. G. A. Singletary and son, Leon, have gone to Lochloosa to visit relatives and friends.

Misses A. L. Bauknight and Elsie T. Smith, two charming young ladies of Archer, spent Thursday with friends here.

T. A. Gay of Bell was in the city yesterday for the purpose of placing his son Thomas in the city school for the coming year.

Mr. and Mrs. Louis E. Black of Tampa are in the city, guests of relatives. This is their first visit here, and they are well pleased.

Miss Maude Shutt entertained a small party on Thursday evening in honor of her friend, Miss Smith of Waldo, who returned home yesterday.

E. C. Chitty of Micanopy, one of the oldest and most substantial business men of the county, was in the city yesterday to visit his sons, H. M. and C. C. Chitty.

Mrs. Fannie Stone and daughter Jessie of Chicago were the guests of Mr. and Mrs. J. F. Bunch yesterday. They expect to locate at Hammock Ridge for the winter.

Dr. Sipprell, who has been ill at the Carolina House, Micanopy, for over a month, is now convalescing. He was attended by Dr. L. Montgomery and a nurse from the Flagler Hospital at St. Augustine.

Truss Denby, for many yeary a resident of this city but now engaged in trucking at Winter Garden, Orange county, is on a brief visit to his wife here. He is well pleased with South Florida as a trucking section.

Mr. and Mrs. J. O. LaFontisee of Jacksonville are in the city and will remain for a week. Mr. LaFontisee has been engaged to do special feature work on the Industrial Edition of The Sun and persons in possession of information of value to him in the preparation of these articles will confer a favor on him, as well as the publisher, by conferring with reference thereto.

Conductor M. L. Gilmer of High Springs and E. B. Duncan of Newberry, conductor and agent, respectively, of the Atlantic Coast Line, were among those who spent Thursday night in Gainesville. They came to receive initiation in Gainesville Lodge No. 990, B. P. O. E., and before leaving had their antlers properly set. They expressed themselves as being highly pleased with the order. Six candidates were initiated at the meeting Thursday night.

Hon. Henry S. Chubb, receiver of the United States land office, who, with Hon. Walter G. Robinson, was extended a special invitation to visit Jacksonville on the occasion of the visit of President Roosevelt, left yesterday for that city. Inasmuch as Messrs. Robinson and Chubb have the honor of a personal acquaintance with the President, the meeting will be made doubly pleasant. Major W. R. Thomas is also a member of the committee from Gainesville.

MOBILE, ALA., Dec. 24, 1899.

Dr. E. W. Hall, St. Louis, Mo.—Dear Sir: Having tried different doctors and their remedies for several years for back and kidney troubles, I found nothing successful until taking "The Texas Wonder," Hall's Great Discovery, and, being rapidly cured, the old saying with railroad men is "God bless the man who invented the Pullman sleeping car," but I say "God bless the inventor of Hall's Texas Wonder."

Yours truly,
W. B. CLARK,
M. & O. R. R. Co., Mobile, Ala.

A TEXAS WONDER.

One small bottle of the Texas Wonder, Hall's Great Discovery, cures all kidney and bladder troubles, removes gravel, cures diabetes, seminal emissions, weak and lame backs, rheumatism and all irregularities of the kidneys and bladder in both men and women, regulates bladder troubles in children. If not sold by your druggist, will be sent by mail on receipt of $1. One small bottle is two months' treatment and seldom fails to perfect a cure. Dr. Ernest W. Hall, sole manufacturer, P. O. box 632, St. Louis, Mo. Send for testimonials. Sold by all druggists.

From Sunday's Daily Sun:

Tie choppers wanted at 14 cents per tie. J. D. Barron, Jr., Wannee, Fla.

Harry Sams of Archer called and renewed his subscription to The Sun yesterday.

Noah Hall, teacher in the Newberry school, was a caller at The Sun office yesterday.

Deputy Sheriff J. Lee Stokes of Micanopy was among the visitors to Gainesville yesterday.

W. W. Stroble, the cattleman of High Springs, was a business visitor to this city yesterday.

John Videon of Archer, one of the leading residents of that section, was trading in the city yesterday.

If you want something good in stock see W. R. Thomas. Stock and prices guaranteed. Personal selection.

Sick headache is caused by a disordered condition of the stomach and is quickly cured by Chamberlain's Stomach and Liver Tablets.

John R. Hague, one of the oldest and most widely known citizens of the Hague section, was trading in the county capital yesterday.

See W. R. Thomas if you are in the market for first-class horses and mules. He has just returned from Kentucky, where he purchased a fine line.

W. F. Cellon, a clever young farmer of Millard Station, was in the city yesterday and had his name enrolled on the subscription list of The Sun.

Captain S. C. Means of McIntosh, one of the oldest residents in that section in point of citizenship, was a business visitor to this city yesterday.

Mrs. Ella G. Ring of Cumberland, Md., arrived in the city on Friday evening, and is the guest of her cousin, Mrs. W. L. Hill, 208 East Church St.

George Gleason, Alex Daughtrey, George R. Beck and Mr. and Mrs. Judson Jones formed a party of Rocky Point visitors to Gainesville yesterday.

John O'Donald of High Springs was in the city yesterday. Mr. O'Donald is ticket agent of the Atlantic Coast Line at that point, which is a very responsible position.

W. F. Barry, one of The Sun's old subscribers, called yesterday and had his address changed to Arno, where he expects to reside in the future. He is a thrifty farmer.

W. R. Thomas has just received a carload of horses and mules, fine Kentucky stock, which he will sell at close margins. All perfect stock, and healthy. Come early if you want a bargain.

S. G. Gay left yesterday for Trenton, where he will join his family, who have been for some time visiting relatives in that section. They expect to return to Gainesville, their home, in a day or two.

The children of the Orange Blossoms Society of the Methodist church, under the management of Mrs. J. E. Futch, enjoyed a pleasant picnic at Hogtown creek yesterday. About fifty were present.

Warranty deed and mortgage blanks for sale at this office, the form used in Alachua county which saves money in recording. $2 per hundred or 50c per dozen by mail. Cash must accompany order. dawtf

Among the prominent visitors from High Springs to Gainesville yesterday were E. K. Anderson and W. N. Gramling. Mr. Anderson is not only one of the successful merchants of that town, but is also connected with the Bank of High Springs, the High Springs Manufacturing Company, and other enterprises.

C. C. & D. D. Powell is the name of a new firm which has been organized here for the purpose of conducting a brokerage and manufacturing agency's business. They have rented the old cooperage building, South Gainesville, which will be used as a warehouse. These young men are quite popular here, and will no doubt enjoy a fine business.

Dr. J. D. Watkins of Micanopy was among the prominent folks from that section who favored Gainesville with a visit yesterday. Dr. Watkins owns a fine grove, and says the trees will bear prolificly this season. The fruit also promises to be fine, and altogether he sees no reason why the growers in his section should not receive good returns from their orange crop this year.

Wm. Littledale of Hawthorn, the clever and successful representative on the road of the E. J. Smith Company, manufacturers of candy, Jacksonville, was a visitor to Gainesville in the interest of his firm yesterday. Mr. Littledale, who is an "old timer," reports business in his territory this season better than for several years, and the people in a more prosperous condition.

L. N. Martin and J. D. Barron, Jr., of Wannee, were among the visitors to Gainesville yesterday. As will be noted elsewhere in this issue, Mr. Barron is advertising for tie choppers, and offers fine inducements for this labor.

Major W. R. Thomas has returned from points in Kentucky, where he has been for the past few days selecting a stock of horses and mules for this market. Major Thomas has been in the livery business in this city for several years, and is regarded as one of the most competent judges of live stock in the State. He purchased a carload, and as will be seen elsewhere in this issue offers them for sale.

E. R. B. Kite of Waldo, yardmaster of the Seaboard Air Line at that place and one of the cleverest young men in the State, was in the city Friday night and yesterday. He came for the purpose of having conferred the mysteries of the degree of R. A. M. in the Masonic fraternity, and stated good-naturedly at the conclusion that he "had a plenty." While here he had his name enrolled upon the rapidly increasing subscription list of The Sun.

Master Wallace Waters tendered his young friends and schoolmates a chicken pillau at the home of his grandfather, Judge George Arnow, Friday evening, and it is needless to add that the guests enjoyed themselves to the fullest extent. There were present about thirty friends of the young man, and on the lawn they participated in various games. At a late hour the guests departed, wishing Master Wallace many pleasant returns of the occasion.

Mr. and Mrs. C. W. Chase and L. W. Chase have arrived from New York and New England. Mrs. Chase and Father Chase spent last winter in Southern California, and are more than enthusiastic over a climate where the thermometer once went below 40 degrees, with an average of between 60 and 70 degrees. En route the Grand Canyon of Arizona was visited, also the famous Yosemite and Yellowstone National Park, besides some time spent in the principal cities. After a pleasant summer at their New England home they are much pleased to return to Gainesville.

MR. ENDEL'S DEPARTURE.

For Thirty-Seven Years He Was a Resident of Gainesville.

After thirty-seven consecutive years of residence in this city, during which time he has seen the city prosper and has prospered himself, J. M. Endel left Saturday for New York, where he proposes to make his future home. He was accompanied by two of his daughters, Misses Fannie and Annie, Miss Rosalee being already North.

Mr. Endel was engaged in the mercantile business here for many years, but owing to misfortune in the death of his devoted wife he could not be content here, consequently decided to make his home elsewhere. His numerous friends here regret to lose him as a citizen, but wish him success and happiness in his new home.

Death of Young Man.

From Saturday's Daily Sun.

Marcus Mott, eighteen years of age, son of Mrs. Michael Clark of North Gainesville, died near Inverness, where he was employed, Thursday afternoon, of malarial fever. The news of his death came as a sad blow to the mother, as she had a letter Sunday bearing information that he was in good health. The remains were brought to this city Friday, and the interment will be held in Antioch cemetery today.

Fair! Fair!! Fair!!!

Fair notice is hereby given to exhibitors. The train for cows and horses will leave Gainesville Saturday, November 11th. Hogs, sheep, goats and calves (in crates only) can be sent from the nearest station to the exhibit. Turkeys, geese, ducks and chickens, and all animals not weighing when crated over 100 pounds, can be sent by express, and must be shipped not later than Monday, November 13th. Cane, potted plants and perishable things must also be sent not later than Monday, November 13th. Every District Commissioner has been sent a supply of shipping tags, and no other can be used according to directions of the President of the Fair Association. On boxes, barrels and crates use two tags, one with black print up, and one with red print up. Tack on securely. If you wish to sell your exhibits in Tampa, state your price in the small square on all red letter side of tags, and if I can find a purchaser I will help you to sell.

If you want more tags write me at once. Cut this out and refer to it often.

Yours truly,
JOHN W. TENCH, Mgr. Etc.

BEANS NOW MOVING.

Planters From McIntosh Section Say They are Bringing Good Prices.

Planters from the McIntosh section who have visited this city within the past two or three days state that the bean crop in that section this year is not only a little early, but exceptionally prolific. The quality of fruit is also proving of extra quality, and in all Dame Nature has been favorable to bean growers this year.

Beans have been moving for the past four or five days, and instead of a northward movement, the majority are shipping to Tampa, where they are realizing $2 to $2.50 per crate.

Hyde's Big Sale.

From Saturday's Daily Sun.

The farewell sale so extensively advertised to take place at G. W. Hyde's double store will begin at 9 o'clock this (Saturday) morning, and bargain hunters will find this their mecca. Mr. Hyde had declared his purpose to close out his business in this city, and is determined to give his patrons an opportunity to purchase goods at the lowest prices. The stock is all new fall goods and of the standard grades. Those who buy will find the bargains worth coming many miles to take advantage of, as they will be genuine.

Sprained His Ankle.

Gregory Umberg met with quite an accident Friday, while working with the Long Distance Telephone crew. He was well up on a 30-foot pole, when it tipped over. Umberg jumped to get clear of the pole and sprained one of his ankles. The pole had been set in the ground less than 18 inches.
